PROFESSIONAL SUMMARY

I am an enthusiastic and fast-learning developer. I enjoy building responsive, user-friendly digital experiences. I demonstrate strong ability to solve complex problems and implement intuitive user interfaces while leveraging seasoned work ethic to quickly adapt to different processes and drive company objectives.

PROFESSIONAL EXPERIENCE

Cecure Intelligence Ltd 🔗   Lagos, Nigeria
Engineering Intern
- Participated in a multi-domain engineering internship, rotating across frontend development, design engineering, cloud engineering, and backend services.
- I worked closely with senior engineers, gained hands-on exposure to industry tools, and focused heavily on learning best practices across multiple engineering disciplines.

Technologies: React.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Figma, REST APIs, AWS services, Terraform, Git, GitHub

Amala Nwobodo Foundation   Lagos, Nigeria
IT Support/Admin
- Regular updates, backups and monitoring to keep the website running smoothly.
- Continuous improvements based on analytics and user engagement.
- Provided technical assistance to staff and users, including troubleshooting software, hardware, and network issues.
- Identified UX issues, outdated elements and implemented improvements.

Technologies: WordPress, Squarespace

SKILLS

JavaScript(ES6+)	Typescript
ReactJs	TailwindCSS
Figma	Git
